MIGRANTS IN THE MEDITERRANEAN - ARE YOU PREPARED?

In 2010 9,700 refugee crossings to Europe were documented. So far in 2015, 819,218 have crossed the Mediterranean in hope for a better life with 3,460 dead or missing. This session considers the practical preparations and actions you might take in the event you do encounter migrants in distress at sea, not only to save lives but also to protect your crew and vessel.

DECK

13.30 - 15.00

ROPES AND RIGGING

This masterclass will provide an overview of different types of lines & rope and when to use them: we will examine the different materials and try to explain how this effects the strength, abrasions resistance, ease of use and price. We will provide practical demonstrations exploring the dark art of splicing and provide an opportunity to solve crew problems and issues in a Q&A session.

ON-TREND DINING 2016

Chief Stews are responsible for impressing owners and guests with incredible dining experiences. To provide this, Chief Stews have to be on-trend and up to date in the world of luxury tableware accessories, dining and service. Sometimes this is not easy to do as there are so many elements to a really memorable event and fashions change with the seasons.

HIRING WITH XRAY VISION

This workshop gives Captains and HODs an exclusive insight into the fascinating realm of personality profiling and how to use this knowledge to strategically assemble onboard teams who are scientifically selected to work better together. Using profiling tools is like hiring with X-Ray vision: you see past the façade to the real person underneath and their true strengths and character traits are revealed immediately.

STRUCTURING YOUR INTERIOR DEPARTMENT

The winter period is the perfect moment to develop a structured approach to the running of your interior. Structure is going to save you time in the long run and will help free up you and your team so you can improve the on-board experience for your owners and guests. Join Peter Vogel for an insight on how you can efficiently build and use standard operating procedures.
