MYBA CHARTER SHOW

30th April - 3rd May 2019
OneOcean Port Vell

FRASER
BURGESS

ACREW

Dear Captain,

I would like to take this opportunity to formally invite yourself and your first officer to a complimentary, exclusive, learning event on Thursday 2nd May - Friday 3rd May; ACREW's fifth edition at MYBA continues to provide superyacht crew with unique learning opportunities.

This year's programme will be filled with interactive workshops and thought-provoking roundtable discussions. ACREW collaborates with MYBA to teach crew from some of the most well-known charter yachts in the industry tips and tricks for an even more successful season.

This year, MYBA has requested ACREW to fly in new exciting international key partners. These partners have been carefully selected to deliver essential, valuable and complementary training to your crew, to practice back onboard. These educational workshops have been planned specifically to benefit you and your crew's learning and development.

Having already acclaimed a prominent presence at the show, ACREW will host the infamous Official Crew Party on the final evening. Celebrate the end of the show together and welcome the start of the summer! The perfect evening to raise a glass with your crew, to what we hope will be another successful MYBA 2019 for you, your owners, your crew and your yacht. This year's closing party will be held at the incredible open air Go Beach Club. Jungle Safari is this year's theme, so please don your best leopard, tiger, zebra or anything animal print for an evening of flowing drinks, live DJs, prizes and crazy jungle safari antics.

Transport to and from the outdoor venue will be provided, leaving OneOcean Port Vell from 8pm onwards. On arrival enjoy 3 complimentary drinks to watch the sunset, there will be prizes for the best dressed, no print is too much anything goes at this roarsome night of jungle fun and safari antics.

Facilitator: Peter Broadhurst
Partners: Inmarsat
- 20.30 - LATE** THE OFFICIAL CREW PARTY

13.30 - 15.00 THURSDAY 2nd MAY

Medical Emergency on Charter, Be Prepared for the Unknown - Understanding Illness & Injury in a Child or Elderly guest

Facilitators: Roland Archdall & Sara Butler

Partners: RDT, a Philips company & MedAire

What can you do to prepare and care for guests of a wide age range and with unknown medical history? In this introductory session we will look at identifying and treating common illnesses and injuries that can arise during charter, focusing specifically on children and the elderly. We will cover diabetes, anaphylaxis and fractures from a fall, and the session will include practical use of splinting techniques, with particular reference on the above age groups. We will also use the Tempus unit to take vital signs, and look at techniques to consider when using the unit in a small child or elderly person.

08.00 - 09.30 FRIDAY 3rd MAY**Solar Protection & Textile Architecture**

Facilitators: Ricard Garcia & Jaume Badia

Partner: TheTextileGroup

Solar protection is essential for a yacht in order to achieve a high level of comfort for people and to adequately preserve the objects onboard. The concept of textile architecture efficiently combines the desired functionality, resistance and aesthetic in any solar protective element for people and for the boat.

A proper selection of materials and designs for the confection of protective covers is the only way of extending the life of the objects located on the exterior decks. Learn from TheTextileGroup 27 years of experience and get to know the innovative technology of an industry that will change the way you approach dealing with interior and exterior yacht soft furnishings. Drawing on real life case studies and experiences, gain a vital insight into solar protection and textile architecture for a perfect and professional maintenance.

13.30 - 15.00 FRIDAY 3rd MAY**Managing Onboard Cyber Connectivity Risk & How Yachting is Evolving in Digital Society**

Facilitator: Peter Broadhurst

Partner: Inmarsat

This is an opportunity to discuss with technology industry experts on how to optimise your onboard data, cyber risk in yachting for Information Technology, Operational Technology and the Internet of Things, and some of the best practices that can reduce the threat. This vital educational session will explore how communications are evolving in the digital society and how to capture the best solution for the yachting sector. Looking at the causes, effects and cures relating to common data issues will also be explored, with demonstrations of effective data management principles.

Here's where you can gain insights into advances and future trends in technology, providing you with the expert knowledge required to fulfil the technology needs and expectations of owners and guests alike.
