TARRACO SUPERYACHT
CREW EVENT**

5th - 6th March 2020
Tarragona, Spain

ACREW

**WELCOME TO
PTW SHIPYARD & PORT TARRACO
SUPERYACHT CREW EVENT**

The PTW Shipyard, Port Tarraco and ACREW teams welcome you to the first Superyacht Crew Event in Tarragona. We are proud to offer you such a diverse and interesting Workshop schedule. The two days will be full of learning, networking but also fun. The Happy Hour, Crew BBQ and Games complement the educational seminars perfectly.

ACREW

Thursday 5th March, 09:00 - 13:00

Financial Awareness

Partner: United Advisers Marine

"If you make a good income each year and spend it all, you are not getting wealthier. You are just living high." Thomas J. Stanley and William D. Danko, The Millionaire Next Door.

A career in yachting provides many financial opportunities. However, the nature of working offshore also presents additional complexities that must be navigated. Taking a quick financial health-check could be the most important decision you make all year. This workshop helps crew to understand the three key pillars of financial planning in the yachting industry, to ensure that you are fully set up to maximise your years at sea. Discover how much you actually need to accumulate to secure your future lifestyle, find out how on-track you currently are and write your own cheque for financial freedom.

Thursday 5th March, 09:00 - 10:30

Leadership for Captains and HODs

Partner: Luxury Hospitality

Julia Rogers is an expert in training leaders to maximise potential within themselves and their teams. Julia is a specialist in Workforce Wellbeing and will lead a conversation with Heads of Departments to explore how crew function, feel, communicate and operate in the workforce for optimal cohesion in a positive workforce culture.

ACREW

Thursday 5th March, 13:00 - 14:30

How to Stop a Bleed, Treat Shock & Monitor for Further Deterioration

Partner: MedAire and Philips

According to MedAire's 30 years of medical case data, 80% of calls to MedLink associated with trauma management happen in or nearby a port. Transit times of medical services on land have been variable depending on the location, therefore the regular consistent first response training of all crew is vital. Come and join us for this informative and interactive session to review first response to common injuries that occur in the yard environment. The workshop includes a practical session on monitoring with a Tempus IC2 telemedicine device.

Friday 6th March, 10:00 - 11:30

Fracture Management Equipment, Techniques & Monitoring

Partner: MedAire and Philips

Are you aware that proper splinting techniques can significantly reduce an injured person's pain level? There are also a number of other benefits to applying a splint or traction device, if used appropriately, including a reduction in the risk of internal bleeding & safer transfer procedures. In this session we will review the latest equipment for fracture management with practical demonstrations, and discuss the types of medication used for severe pain relief, to increase your confidence and ability when treating a casualty onboard. The session will include a practical session on monitoring with a Tempus IC2 telemedicine device.

CREW LUNCH

Thursday 5th March
12:15 - 13:00

Join us from 12:15 to 13:00 in PTW Shipyard for a casual Spanish-infused lunch after a great morning of workshops. Lunch will include a selection of drinks, salads and sandwiches, and of course yummy desserts to fill you all up; before your busy afternoon of learning.

HAPPY HOUR

Thursday, 5th March
17:00 - 19:00

Let's celebrate the start of the PTW Shipyard & Port Tarraco Superyacht Crew Event with drinks offered by (No.12 Fine Wines and Provisions) Join us from 17:00 to 19:00 and enjoy the complimentary white and red wines, beers and sodas. Why not take this opportunity to unwind and enjoy the afternoon sunshine!

BBQ

Friday 6th March
13:00 - 19:00

DJ & Drinks

Happy Friday! Come and join us to celebrate the start of the weekend in PTW Shipyard with a BBQ including a tuna or a veggie salad, chicken brochettes, sausages, hamburgers and cheese cake. What kind of a BBQ would it be without the usual wines, beers and our Street Soul DJ, Daniel Moreno.... and of course you all!

Giant Games

What's the only thing better than normal board games? Giant board games! So we are bringing along our Giant Twister. Join in teams and showcase your skills and flexibility. Next, test your patience with our Power Putt Challenge and finish off with good old-fashioned Beer Pong.

Λ CREW

Friday 6th March, 10:00 - 11:30

French Riviera 2020: Important Update for Vessels Cruising the Region

Partner: Riviera Yacht Support

Campbell Cormack, General Manager of Riviera Yacht Support invites Captains and HODs to attend an important factual update about changes in French regulations that will affect yachts cruising in 2020. During the conversation Campbell will share information about new restrictions in force in regard to Pilotage, port entry and departure, anchorage restrictions and small craft regulations. Specifics in relation to Monaco and useful information during the Monaco F1 GP. Attendees will be given clear advice along with useful handouts to take away that will assist yachts with French declarations procedures and updates in 2020 including:

- Immigration changes with in-person customs appointments now necessary – Schengen Visa
- Buoying St Tropez – proposed 2021
- Anchorage maps considering new sea-grass restrictions
- Port entry and departure specific to Monaco
- Arrival and departure procedures

INTERIOR CREW

Thursday 5th March, 10:45 - 12:15

Covers and Upholstery

Partner: Mynterior Mallorca

Making the decision to change or renew the exterior or interior upholstery or covers of a yacht is a great responsibility. Knowing that material or what color to choose for each case may not be an easy task. In this workshop, we will give you some guidelines to follow so as to choose the appropriate materials and colors according to your needs. We will also teach you some sewing tricks to fix your cushions or covers during a cruise or with guests on board so they can last until you can give them to a professional.

Λ CREW

Thursday 5th March, 16:15 - 17:30

Guide to Sauvignon Blanc

Partner: No.12 Fine Wines & Provisions

Sauvignon Blanc is a widely known grape variety around the world. It is often associated with fresh, zingy style, which can suit for any occasion. It can be found almost in every wine growing continent and country. They would all have similarities but could also greatly differ from each other by carrying unique style from the terroir. They often sold as a single variety but blends are coming from some historical regions as well, both dry and sweeter style.

During the work shop we will learn about the different styles and sample a few interesting expressions of Sauvignon Blanc.

Friday 6th March, 11:45 - 13:15

Advanced Laundry Module

Partner: Barcelona Crew Academy

FROM THE GUEST PROGRAMME COURSE & MCA APPROVED

In this workshop, we will broach the issues of...

1. The Miele Marine Professional Guide for correct procedures in the laundry process, basics tips and general procedures for different fabrics/clothes.
2. Stains. They usually consist of several components. For the complete removal of stains, it is best to apply several products in a well-balanced combination. We will provide advice about the equipment you need for stain identification & classification and for the assignment of the product.
3. Wet cleaning products: We will talk about their properties and uses, wet cleaning of outerwear that cannot be washed and the care of sensitive textiles.

ΔCREW

Friday 6th March, 15:00 - 16:30

The Interior Masterclass: Mastering Synchronised Service, Tableware Trends and Napkin Folding

Partner: Luxury Hospitality and Brins

Superyacht stews are invited to participate in this not-to-be-missed masterclass. We welcome leading hospitality trainer Erik Smit from Luxury Hospitality to help stews master the art of Synchronised Service. Erik will lead you through serving parties of 2 – 8 people for a seamless, professional guest experience onboard. It is widely known that Synchronised Service is the most technically challenging aspect of guest service. Stews will also benefit from the expertise of our linen specialist Santiago Brins who will showcase the best in napkins and linen and participants will learn new techniques for show-stopping napkin folding.

DECK CREW

Friday 6th March, 15:00 - 16:30

Teak Deck Maintenance

Partner: PTW Shipyard

Deck and Interior crew will understand first action response to avoid long term damage to the teak decks in case of a red wine spill or oil spill on the teak decks. This will be a practical demonstration by Jason Hardy, Head of Carpentry at PTW in the PTW carpentry shed. Crew will also be taken through long term maintenance of these affected areas.

This workshop includes the following learning goals:

- Protecting your teak deck
- First action response in case red wine or oil spill on your teak deck
- Long term maintenance of this affected area

ΔCREW

Thursday 5th March, 14:45 - 16:15

Your Sustainable Footprint : Biotechnological Products and Reusable Temporary Protection

Partner: Nautiel Service

This interactive workshop will outline great power of biotechnological maintenance products while caring about the environment.

TEAK – The properties of teak wood, why stains appear and how to maintain and clean it. With plenty of real teak for crew to get their hands on, Nautiel Cleaning Services will share their expert tips and tricks with all manner of stains, wear and tear and maintenance issues. Biological teak cleaner is the new frontier in cleaning technology as it is non-toxic, easy to use and environmentally friendly. Crew will have the opportunity to try this out live in the workshop.

ODORS and WASTE WATER TREATMENTS – Once more, biotechnological products make the difference, solving some of the biggest matters on board, in a completely new approach, totally efficient and environment friendly using the power of nature.

REUSABLE TEMPORARY PROTECTIONS – We are all aware that sustainability is not about recycling, your best positive footprint will be choosing reusable materials. Discover reusable temporary protection materials peace of mind and sustainability during refit or everyday maintenance.

Thursday 5th March, 13:00 - 14:30

Antifouling Technology

Partner: Jotun

A Hull of a subject – with Jotun leading the market in marine anti-fouling technology, the workshop will enable the attendees to further understand how the technology of anti-fouling is continuing to improve and meet the demands of the unique superyacht market, enabling them to benefit from an increase in operational efficiency.

PTW Shipyard has acquired a solid reputation for good workmanship, a skilled and diversified workforce and a wide-ranging subcontractor network, with strong recent management added to the team, in the form of personable & hugely experienced ex Yacht Captain Avnish Dhall. Its state-of-the-art shipyard, boasting world-class haul out facilities is situated in the Port of Tarragona, right next door to Port Tarraco's extensive Marina. Their 300-ton travel lift, 15000 square meters of hard standing area, accompanied by 2100 square meters of workshops, enable them to offer unparalleled refit and repair services, both to yachts hauled out of the water, 50m LOA max and boats berthed in the marina up to 180 m LOA.

All works are carried out by a team of dedicated, skilled professionals which include carpenters and joiners, professional engineers, yacht painters, upholsterers, qualified technicians, installers and project managers. Priding themselves as the leading yacht carpentry

company in the area, they specialize in decking, furniture and interior decoration projects. Their engineering department provides a full host of engine services, including engine refits, overhauls, part procurement and repairs – services which are MCA, Lloyds and RINA certified.

“PTW Shipyard are passionate about providing yacht owners, captains and their representatives with successful refit experience.”

Their in-house team of dedicated Yacht Painters come with over twenty years of experience in the superyacht industry and finish works to the highest standards.

Their workshop is manned by qualified tradesmen able to repair, rebuild and manufacture new parts. Furthermore, any parts that are no longer available can be produced in their machine shop.

Ptw Shipyard are passionate about providing yacht owners, captains and their representatives with successful refit

experience. They are proud of the long-standing relationships they have built with their clients, suppliers and collaborators, always working towards meeting each and every customer's specific requirements.

Marina **Port Tarraco** is a deep-water marina in Tarragona (Spain) designed to provide superyachts with the highest quality services and offers **33 berths between 45 and 160 metres with a 24-hour security service.**

World-class facilities in Marina **Port Tarraco** for superyachts

Marina Port Tarraco is located in Tarragona, a destination in the heart of the western Mediterranean.

Tarragona is a 2,000-year-old World Heritage city. Thanks to an excellent network of land and air connections, the city is only a short distance from Barcelona, and within easy reach of Madrid and Valencia.

Marina Port Tarraco is designed and equipped to offer a comfortable, safe and pleasant stay throughout the year. We offer 33 berths between 45 and 160 meters and a 24-hour security service. Our modern facilities provide absolute privacy, we have all the services and security protocols to ensure a warm welcome and personalized assistance to all vessels and their crew. A variety of specialized companies can provide services and supplies to the yachts.

Λ CREW

Thursday 5th March, 14:45 - 16:15

Planning your Refit Expenses by Avnish Dhall, CEO of PTW Shipyard

Partner: PTW Shipyard

Yacht crew understand the planning of their refit period from their perspective. This workshop will try to impart to yacht crew the perspective from the shipyard side.

1. Work Lists
2. Time Planning
3. Shipyard staff scheduling
4. Yard busy periods and knock on effects when additional works are scheduled
5. Financial Planning - No cash/No splash and what it means

This workshop offers the learning goals of:

- Understanding shipyard perspectives
- Understanding shipyard staff working schedules
- Understanding shipyard staff and departmental planning

Attendees are offered a 5% discount on hard stay.

Λ CREW

Thursday 5th March, 10:45 - 12:15

How well does your Network, Wifi, Entertainment, Automation and Electronic Systems work onboard?

Partner: C.N Sat

Join us for information to help streamline your systems onboard, including new insights for onboard electronic technology. This educational workshop will guide you and your crew through an in-depth explanation over communication, home automation, IT/TLC, and technical assistance. At the end of the workshop, we will use your personal input to create a wish-list for future onboard integrated systems.

Friday 6th March, 11:45 - 13:15

Classification of the Future (and the future is now)

Partner: DNV GL

Mark Kruidenier and Jon Rysst from DNV GL invites superyacht captains and HODs for an enlightening conversation around the future of Class Societies and the services they can offer to superyachts. DNV GL is one of the world's leading classification societies, working with a large number of superyachts as an independent 3rd party to ensure all technical and safety standards are met onboard. During this informative Q&A Mark & Jon will uncover where class societies are heading considering the changing global landscape affecting the importance of new areas such as cybersecurity and remote surveys.

VISITING PROFESSIONALS

A few of our valued ACREW Business Members are flying in for the event to be available for any consultations and meetings. If you have any questions about the below topics, simply come to our Registration Desk and we will introduce you to the professionals. Of course that also counts for all of the workshop facilitators.

Cleaning & Painting

Toni Robles

Engineering, Equipment & Services

Jon Lee
